### Berlin Dispatch Reports Hard Fighting for a Week.

London, Jan. 7 .- Apart from the Russian victory over the Turks in Transcaucasia, which is described in a dispatch to the Russian embassy from Petrograd as "complete," interest in the war now lies chiefly in the stubborn fight which the French and Germans are carrying on for the roads to Cernay and Muelhausen, in Upper

The battle in that region, which has been raging for a week, is described in a Berlin dispatch as the most violent of the war. The Germans succeeded in regaining one of the trenches they had lost, but on the whole the French reports appear to show that the forces of France maintain their advantage, for every inch of which they had to fight, in many cases with the bayonet.

Along the rest of the western front the tide of battle continues to ebb and flow. In Southern Poland wet weather has put a stop to the fighting.

The Russians continue to drive the Austrians through the snow covered passes of the Carpathians and out of Bukowina. Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacob's Oil" right on the "tender spot," and by the time you say Jack Robinsonout comes the rheumatic pain and distress. "St. Jacobs Oil" is a harm less rheumatism liniment which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache and neuralgia.

Limber up! Get a small trial botle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment, you'll be free from pains, aches and stiffness. Don't suffer!

It is a ready chew, cut fine and short shred so that you won't have to grind on it with your teeth. Grinding on ordinary candied tobacco makes you spit too much.
